ACTIVITIES

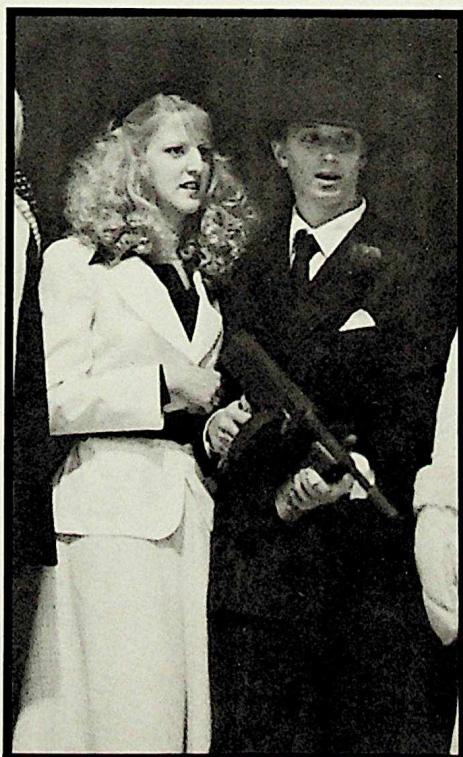

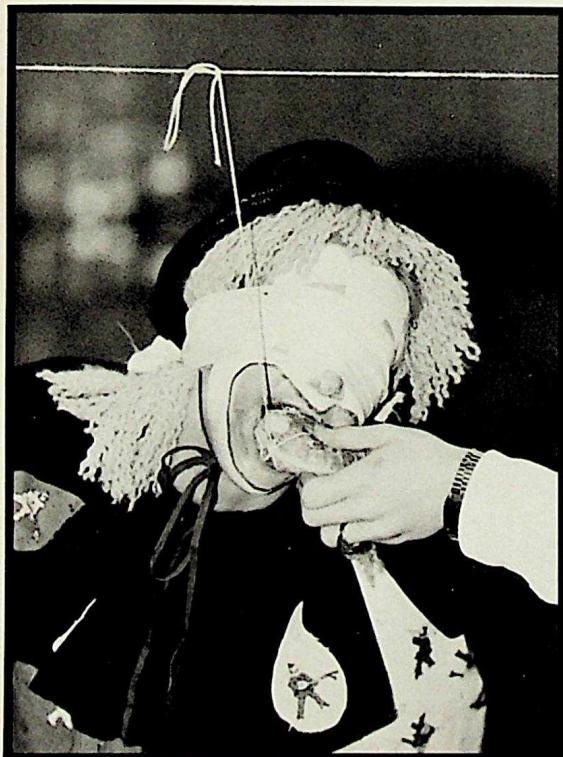

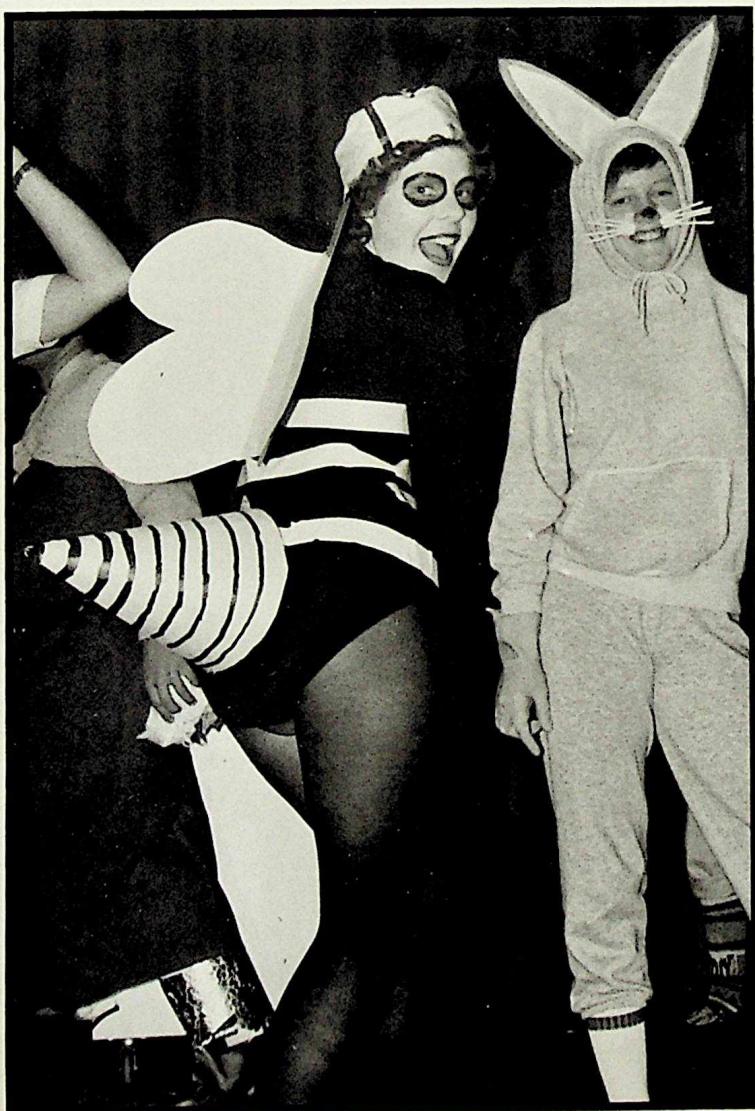

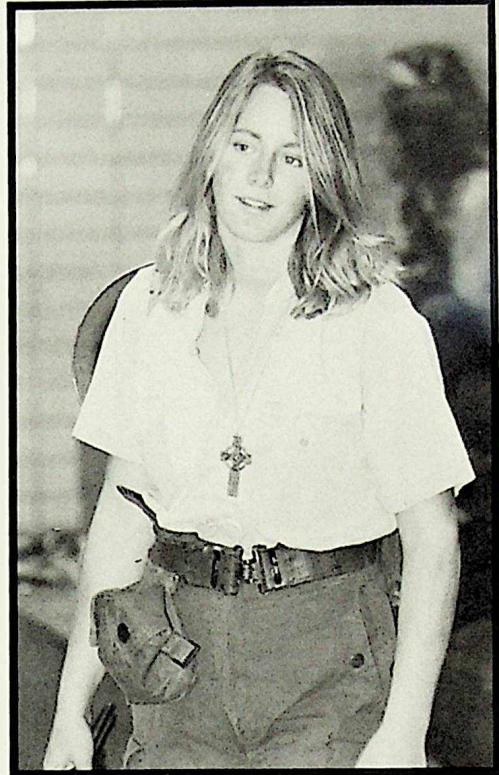

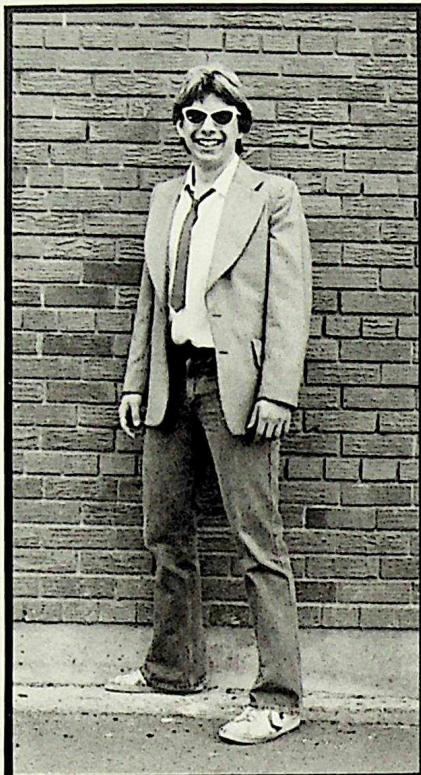

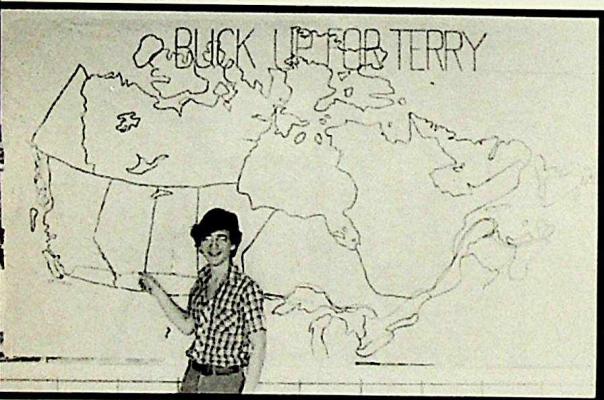

HALLOWEEN DAYS

There were six activities in the gym during the extended lunch hour: Broom-riding Relay, Grave-robbing Race, Donut-eating Contest, Time Warp Dance, Fairy Dance, and lots of Polkas. Halloween Days Activities was a great success, most of the students and teachers had fun dressing up and participating in the various activities.

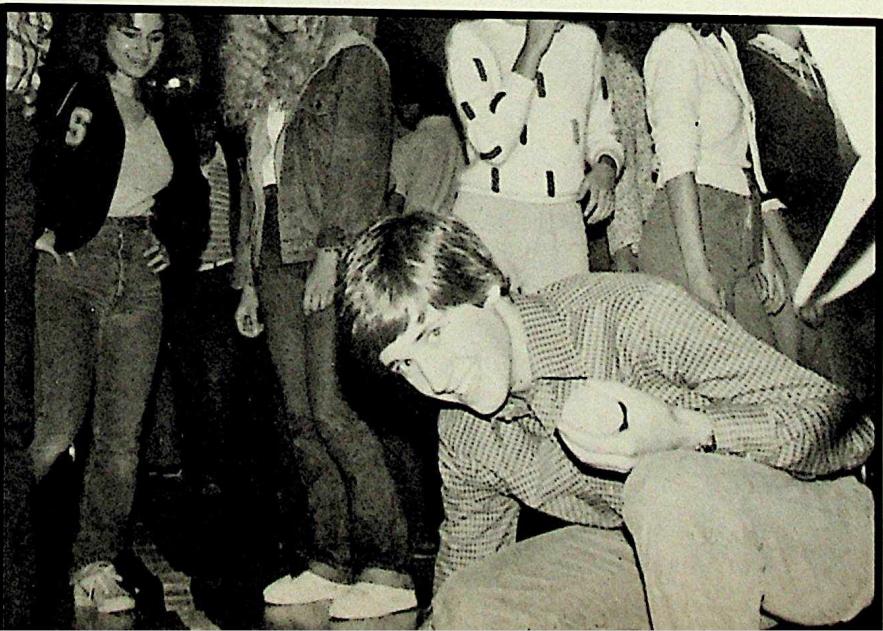

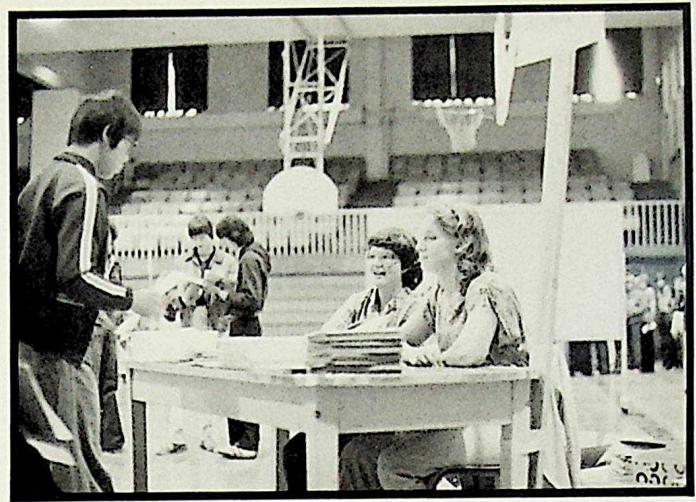

TERRY FOX DAY

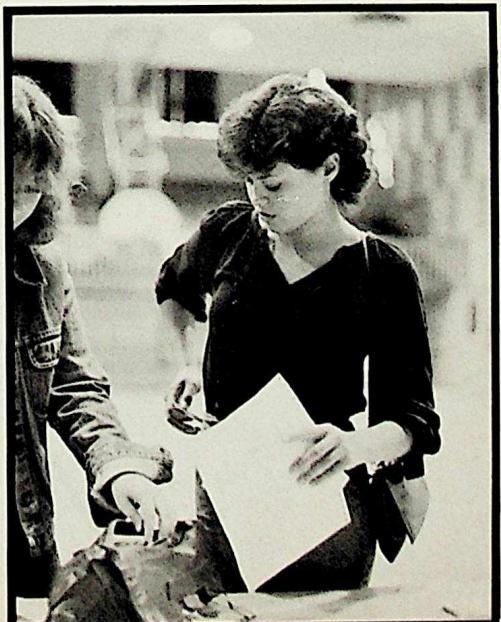

One thousand, three hundred and three dollars was made in a money relay down the main hallway of the school on October 1st. It was a race among the Grade 10's, 11's and 12's, along with the teachers. Of course, the fantastic Grade 12's won by bringing in over \$700, the Grade 11's coming in second and bringing \$600. The rest was brought in by the futile attempt of the Grade 10's and the teachers. The relay was held to help Terry finish his run for The Marathon of Hope.

STUDENT'S UNION

One of the most educational experiences for me during my high school year has been to serve as President of Ross Sheppard. Although I did encounter some hardships throughout the year, I somehow managed to overcome and make the best of them. I'd like to thank the whole Student's Union for their help and especially Mr. Wickins for his encouragement and advice throughout the year. Also I'd like to thank Mr. Nixon and all the staff for their support, cooperation and understanding, especially when classes were missed, and problems arose. Overall it was a successful year and I congratulate all the Grads and wish them even better success in the coming years. As well I wish to extend my best wishes to all those T-birds we leave behind.

Thank you
David Scheckter

EDITOR'S MESSAGE

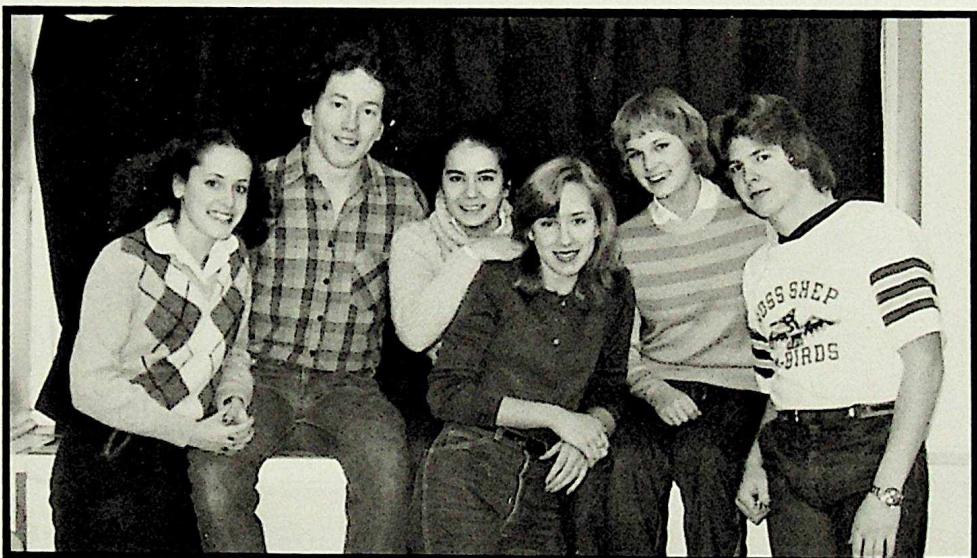

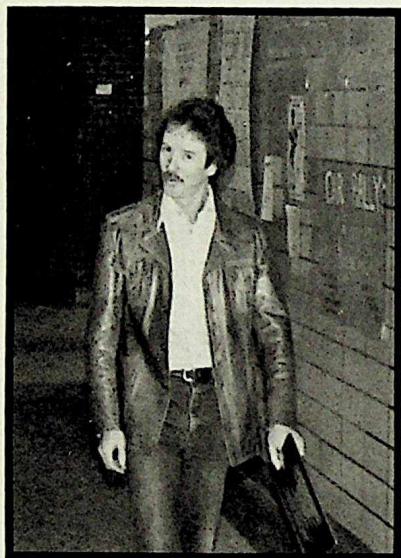

For most students, Ross Shep is "Where It's At". For some it's in the Band, for others it's in Sports, and for still others it's in having a good time. But for us, "Where It's At" is in the Yearbook Office. We spent most of every noon hour running around, getting names, finding pictures, trying to fit in time to eat a bologna sandwich. But in the end it's all worth it. With the advice of and budget control of Mrs. Lindenburg, the constant supply of new mats by Mr. Jones and the effort of these who stuck it out we have produced a book which hopefully will remind you not only today, but in many years to come that for you, Shep is "Where it's At."

This year's drama production was an excellent portrayal of the Jewish lifestyle during the Nazi Regime. The actors and actresses did a marvellous job. The many hours spent rehearsing, under the direction of Mrs. Whalen truly paid off.

A Mural for the Library

As their gift to the school, the Graduating Class of '81 has left behind a mural. The mural, found in the Bookloft, depicts the history of civilized man. It was painted by Scott Hagan, Greg McHarg, Diego Fabris, Albert Ling, and Chris Kozak, who along with the help of a few others dedicated much time and energy to finishing the project. Our thanks to the students union for funding the project.

PRINCIPAL'S MESSAGE

The world continues to be divided by race, religion, and political ideals. I hope that your years at Ross Sheppard will prepare you to make a contribution towards reducing these divisions. With knowledge and tolerance you can strive to achieve unity. Unity is harmony, concord between individuals and states. The future is in your hands. In the idiom of the day, "Don't blow it."

SECRETARIES

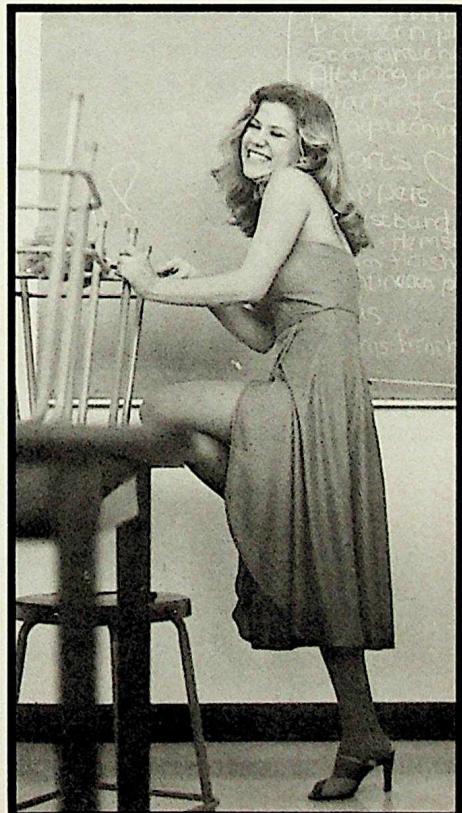

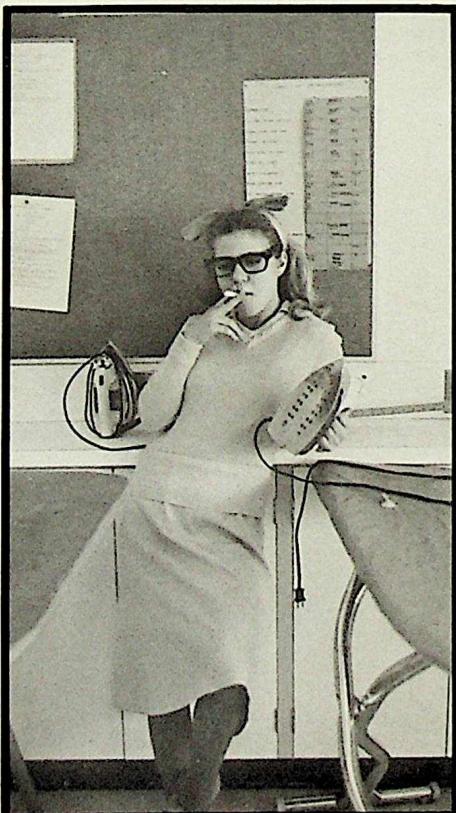

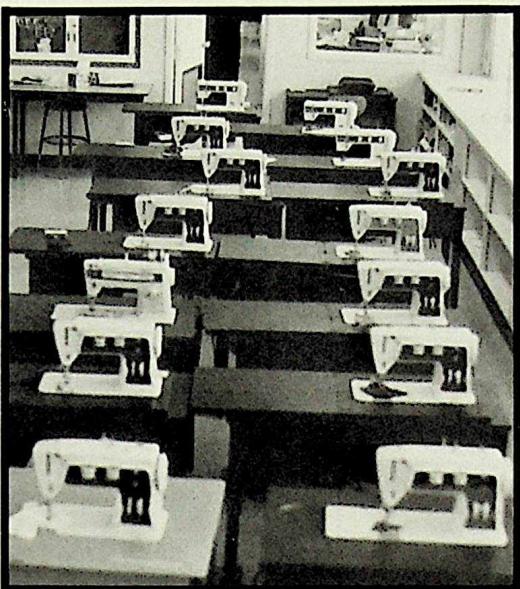

During the 1980-81 school term, a new course was added to the Ross Sheppard curriculum-Visual Communications. Students taking the program get introduced to such areas as Photography, Silkscreening, Art, and Printing. When the program is in full operation, three consecutive courses will be offered - each for five credits. Students spend the majority of their time working in an activity environment.

CLOTHING AND TEXTILES

There has been an addition to our school this year. Two unused classrooms were converted into a food science lab. and a clothing and textile room. These cheery rooms are brightly decorated and fully equipped in handling the cooking and sewing needs of our school.

FOREVER A RAINBOW

Now, as I look outside
everything's changing
nothing seems right

Now, a new world unfolding
can't you see, there will be
many ways to go

A rainbow shines above
lighting up the sky
guiding you along the way

Don't you know, which path to travel on
there's a long road ahead of you
let's start now

Can't you see,
forever a rainbow
our highschool days and graduation
carry on the past
And good times we won't forget,
and never be alone

Close your eyes, and think about
all the good times and memories

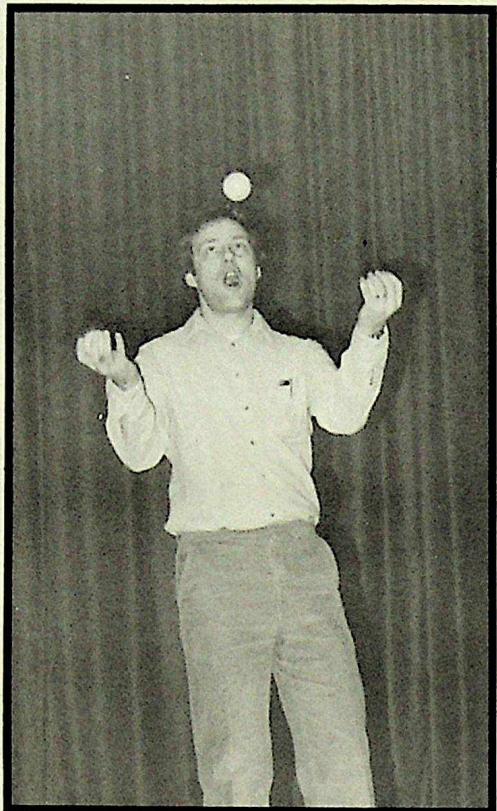

Say good-bye to all my good friends
my first love -
I'll remember you

Those early mornings
and bright days
remember the autumn, winter, spring and summer
don't let them fade away

Now that you have come this far
I know you will make it
you know just who you are
and a rainbow shines above
lighting up the sky
guiding you along the way

Here we are, GRADUATION
Once again look at yesterday
those memories will linger on eternally
forever a rainbow, forever a good friend
forever a rainbow - will guide us on our way

"The success of a party varies directly on the sum of the squares attending"

"It's better to be small and shine than to be big and cast a shadow"

"Doing nothing is hard work you can't take a break"

"A closed mouth gathers few feet"

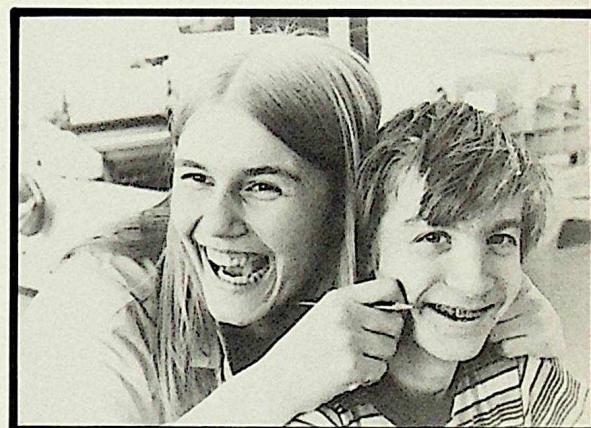

"Oh what a tangled web we weave when we first practice to deceive"

"For every minute of anger you lose 60 seconds of happiness"

"Life is the art of drawing without an eraser"

"Look ahead to the sun and the shadows fall behind"

"It's better to remain silent and be thought a fool, than open it and remove all doubt"
